Portfolio: [Stimoe.github.io/Thomas-Portfolio-Page/portfolio.html](http://Stimoe.github.io/Thomas-Portfolio-Page/portfolio.html)

## SUMMARY

- Full stack web developer skilled in building, maintaining, and commenting code.
- Takes initiative to rigorously test code, make improvements, and increase coding skills.
- Leads and manages projects while getting input from all involved; skilled in clear communication.
- Sees both the big picture and focuses on the details as required in varied scenarios.
- Reliably manages time, plans ahead, and produces results working independently and with diverse teams.

## TECHNICAL SKILLS

**Languages and Applications:** HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handlebars.js, Heroku and ReactJS

## SELECTED PROJECTS

The Little Library | [github.com/Stimoe/LittleLibrary](https://github.com/Stimoe/LittleLibrary) | [little-library-app.herokuapp.com](http://little-library-app.herokuapp.com)

- This application provides location info for the little libraries in Seattle neighborhoods.
- Mainly worked on the backend, setting up the databases, GET and POST requests, and the flow between pages.
- Worked with a team to increase community involvement by turning the app into a user-controlled library system that allows users to check out books, post reviews, and share reviews with their neighbors.
- Programs used: Bcrypt, Dotenv, Express, Express-Sessions, Moment, MySQL, and Sequelize.

Neon-Rain | <https://github.com/Stimoe/neon-3> | <https://neon-3-1.herokuapp.com>

- This game leads the player through a dungeon, where they fight enemies and build their deck.
- Mainly worked on game logic and what happens when each card is played.
- Created a MongoDB server that stores user progress and resets their status as needed; continuously checked for and fixed bugs, such as game card mechanics causing errors in the game.
- Programs used: Bcrypt, Dotenv, Express, Express-Sessions, React, and Handlebars.

## EDUCATION

### Full Stack Web Development Certificate

University of Washington, graduated November 2019

12-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node Js, MySQL, MongoDB, Express, Handlebars, and ReactJS

### Bachelor of Arts, Economics and Political Science

Western Washington University, graduated June 2011

## ADDITIONAL EXPERIENCE

### Assistant Warehouse Manager

Seattle Marine and Fishing Supply, January 2014-August 2019

- Increased company efficiency and accuracy to above 98% for shipping over 50,000 different products.
- Managed up to 20 people; coordinated shipping thousands of products per day.
- Started in inventory management; was promoted to Lead Shipper and then Assistant Warehouse Manager.
